SANPITCH RIVER

TO WEST POINT IRRIGATION COMPANY, Wales, Utah.

IRRIGATION:

(a) 30.50 c.f.s. Not to exceed 9200 ac. ft. for irrigating season. Priority: 1875. Period of Use: March 1 to December 1. Point of Diversion: 375 feet W. and 1990 feet N. of the SE corner Sec. 32, T. 15 S., R. 3 E. into the West Point Canal at what is known as the Bagnall Dam.

STOCK WATER:

(b) 3.00 c.f.s. Priority: 1875. Period of Use: December 1 to March 1. Point of Diversion: From Sanpitch River as described in paragraph (a).

In connection with the above right it is hereby ordered that as between the West Point Irrigation Company and the Island Irrigation Company, a Mutual Association, otherwise called the Bagnall Ditch Company, waters of the Sanpitch River at and near what is known as the Bagnall Dam in Sanpete County shall be divided as follows:

From February 24 to the last day of February, both days inclusive, the West Point Irrigation Company is entitled to 3 c.f.s. The said Island Irrigation Company, a Mutual Association, otherwise called Bagnall Ditch Company, shall be entitled to 4 c.f.s. of the waters flowing in Sanpitch River at what is known as the Bagnall Dam. If there is insufficient water at such point to supply such rights the amount shall be pro rated between the parties according to the above amounts and said Island Irrigation Company shall be entitled to any excess in said river up to 61 c.f.s.

From March 1 to July 1 of each year the above named parties shall each be entitled to one-half of the flow of the Sanpitch River at said Bagnall Dam until the flow equals 61 c.f.s., and any excess
